

THE WALL COMES TO SCHOOL !!

ROCKSTARS offers students at Kainalu School from grade 1 thru 3 and 4 thru 6 to learn, practice and improve rock climbing skills in a FUN and SAFE environment.

With 25 years experience running school programs, Rockstars helps children develop self-confidence, problem solving and planning skills while building strength and endurance.

Rockstars' 24ft mobile climbing wall is the central focus of the classes, allowing students to climb as high as they dare, with the safety of the wall's steel cables and auto-belay systems. Students also learn basic knots which helps train cognitive skills and hand-eye coordination. Climbs will be recorded and prizes are earned for reaching milestones.

Watch your kids acquire new levels of mental and physical toughness, body awareness and perseverance through rock climbing, which go with them into life's next challenge!

CLASS FEE \$380 (10 classes)
